FOR IMMEDIATE RELEASE

## **SRS Introduces Interface to Medicine-On-Time® System**

**Caro, MI (March 22, 2011)** – SRS Pharmacy Systems today announced that it has expanded its interface offerings with the addition of a real-time interface between the Medicine-On-Time® system and SRS' pharmacy management system, PKonRx.

The interface will automatically update pertinent data records in the Medicine-On-Time system once patient or prescription data has been entered into SRS' PKonRx pharmacy software. Prior to the interface, pharmacists had to perform “dual entry”, once in the SRS system and once in the Medicine-On-Time system. By eliminating this redundant data entry, the interface will allow pharmacists to focus on day-to-day operations and patient care.

SRS customers who are interested in the new Medicine-On-Time interface should contact SRS Support at 1.800.673.6226.

### **About Medicine-On-Time**

Medicine-On-Time is a patient compliance packaging system consisting of reusable blister packs and software to simplify the management of complex drug therapies. For more information on Medicine-On-Time visit their website at [www.medicine-on-time.com](http://www.medicine-on-time.com).

### **About SRS Pharmacy Systems**

An integrated Pharmacy Management software and systems provider servicing customers throughout the United States, SRS develops solutions that encompass the needs of retail pharmacy. Key modules include e-prescribing, POS w/IIAS, electronic signature capture, HIPAA, IVR, internet refills, EDI inventory, Visa/MC/debit/credit card processing, MARs, A/R, and thermal/laser printing. Services include web security, off-site backup, EFT payroll, health insurance, facility insurance and retirement benefits. SRS internally develops, supports and services all hardware, systems and software, allowing pharmacies to focus on their primary business while SRS manages their IT functions. SRS customers have just one phone number to call for their pharmacy, business, and IT needs. One System, One Vendor, One Call.
